Automatic Carton Sealer

Automatic Carton Sealer is a packaging machine that applies adhesive tape to the bottom and / or top of a cardboard box so securely sealing the contents within. Automatic Carton Sealer is mainly used to seal cartons, which can operate alone or equipped into production line. Automatic Carton Sealer mainly use for production with random carton size production continuous sealing for cartons in difference size or change frequently.

Automatic Carton Sealer is common used in the fields of domestic electrical appliance, foodstuffs, general merchandise, medicine and chemical industries. Carton packaging machine save time, save money and improve efficiency.

CHS6603A Automatic Carton Sealer (Random Carton)

CHS6603A Automatic Carton Sealer adjust automatically for different box sizes. Machine design with top and side drive for packing heavy product weight below 35kgs. CHS6603A Carton Sealer equipped with pneumatic cylinder able to automatically adjust height and width for difference carton. Side drive device automatically adjusts carton position and start sealing.

CHS6603A Automatic Carton Sealer are long lasting machineries built with selected high quality electronic components and therefore will require lesser maintenance. CHS6603A Carton Sealer is designed according to the CE standard.

Optional: a. Stainless Steel Housing b. Extension Roller Table 450/500mmL x 500mmW c. Safety Cover d. Emergency Stop Bottom e. 60sec. Auto-stop protection f. Taping End L70±5 (mm) g. Customized specifications are available.

TECHNICAL DATA

Model	CHS6603A
Function	Top & Side Drive
Rated Voltage	1 Phase 240V / 3 Phase 415V
Tape Width	2" or 3" (according to customer need)
2" Standard Carton Dimension	150 - ∞mmL x 125 - 500mmW x 120 - 470mmH
3" Standard Carton Dimension	150 - ∞mmL x 150 - 500mmW x 120 - 470mmH
Taping End	60 ± 5mm
Maximum Loading Weight	< 35Kg
Sealing Speed	20 M/min
Working Table Height	570 - 770mmH
Air Compressor (equipped by customer)	0.5 - 0.6 Mpa
Machine Housing	Iron (Powder Coated)
Machine Dimension	1250mmL x 910mmW x 1315 mmH
Machine Weight	150 Kg
