Foot Impulse Sealing Machines

Foot Impulse Sealing machines (also known as Foot Sealers) are recommended for light to medium duty operations. They can seal various kinds of materials, such as BOPP, PE, laminations, and cellophane. This type of unit is activated by pushing on a pedal, and the machine will operate for the preset length of time.

Foot Impulse Sealing machines are easy to use (no warm-up time), economical (electricity is only used when the jaw is lowered during the sealing process), and safe (no component of these devices is always hot) which is commonly used for sealing operations in packaging candies, food, stationery, drugs, tools, replacement parts and a variety of other products.

KS Foot Impulse Sealing Machines

KS Foot Impulse Sealing Machines is standing console design with single heat sealing jaw designed for sealing of thermoplastic films. KS Foot Impulse Sealing Machines equipped with sealing width 3.2mm. Three difference sealing length is available : 450mm, 600mm and 750mm. KS Foot Impulse Sealers are easy to operate, no operator training required.

Optional: a. Change to Round Element for Cutter function (for seal and trim excess material- e.g. tubing film, in order to make customized bags)

TECHNICAL DATA

MODEL	KS 18	KS 24	KS 30
Voltage	1 Phase 240V		
Impulse Power	600W	800W	1200W
Sealing Length	450mmL	600mmL	750mmL
Sealing Width	3.2mm		
No of Sealing Line	1		
Sealing Jaw	Bottom Only		
Heat Time	0 - 2 sec.		
Cooling Time	0 - 4 sec.		
Working Table Height	750mmH		
Machine Structure	Wooden Table Top with metal frame		
Machine Dimension	550mmL	700mmL	850mmL
	330mmW	330mmW	330mmW
	900mmH	900mmH	900mmH
Machine Weight	17Kg	23Kg	28Kg

** Customized specification available upon request.
